

DANIEL CARMONA ZAPATA

FULL STACK WEB DEVELOPER

I am a full-stack web developer with **3 years of experience** in technologies such as JavaScript, HTML, CSS, and React Native. Additionally, **I have one year of experience in Node.js** (Express), specializing in creating RESTful APIs. With **two years of experience in developing responsive web applications** using CSS preprocessors, I focus on writing high-performance, maintainable, and reusable code. My true passion lies in front-end development, where I concentrate on creating efficient, accessible, and responsive web applications.
